

NEWS OF THE WEEK.

Copies of the TRIBUNE on sale at the post-office.

The young man who runs the engine at the water-works, was the chief attraction at the Rink, Tuesday evening. A truly scientific skater beyond a peradventure.

Chief Dispatcher Rees' parents, who have been visiting him for some time, spent part of the week in Denver. They will return to their home in the east on Monday.

Patrick Egan of Lincoln, ex-treasurer of the Irish Land League, and Father Fanning of Orleans, arrived in the city on No. 1, Saturday night. On the morrow they took a drive through the country, looking over the land in this vicinity.

Mrs. H. A. Fryling has on hand a full line of fall and winter millinery, consisting of zephyrs, all shades, shaded silk for embroidery, canvass, hair waves, fur and feather caps, Ottoman ribbons, new shades, and Saxony yarn. Give her a call.

E. A. Moore and sons of Burlington, Iowa, shipped a car load of household goods to Haigler, Duady county, recently, and intend improving their ranch of 1380 acres which they own on Buffalo, so as to be in shape for the cattle they will put on it in the spring.

One of the teams engaged in unloading a car-load of potatoes for Hayden & McCarneys, took a little exercise up over the hill, Tuesday evening, scattering the potatoes all along the way. They ran against a post near J. B. Meserve's barn, and came to a standstill.

A. Probst opened his bakery in west McCook on Monday, and he has now on hand bread, pies, cakes, and everything usually kept in a first class establishment. He also runs a lunch room in connection where a good meal, hot coffee, etc., may be procured. Give him a call.

The McCook Skating Rink Parlors are now open. The celebrated "Henley" Roller Skate in use—the best in use. An admission fee of 10c. will be charged spectators. For use of skates, 15c. an hour, or 40c. an evening. Ladies and gentlemen only will be admitted. L. L. JOHNSON, Manager.

Our little city is looming up in more than one way. For horse-stories of magnitude, one of our disciples of Esculapius certainly requires "favorable mention" at least. How does a piece of horse-flesh, as to height sixteen feet, strike you? The wooden horse that took in the unsophisticated Troyites sort of loses prestige.

Rogers have received a stock of overcoats that excels anything ever brought into the valley. They range in price from \$3 up to the finest, and the man who goes around shaking with cold when he can get one of these good, warm coats at a price so low that all can buy, had better go back east and give up the ghost, then probably he will have no use for one.

The Roller Skating Rink, under the management of Dr. Johnson, was opened, Tuesday evening. This has been a favorite amusement in the east for a long time, and deservedly so, as all can enjoy the healthful exercise. The opening was well attended, and there was no end of fun. There were a number of disabled citizens the next morning, but perseverance, etc.

Now that our water works are in first-class condition, and everything is working smoothly, and we are enjoying the same in our houses, we would like to suggest the advisability of putting up a watering trough and fountain in the business portion of our town, where our farmers can water their horses, and allay their own thirst. As it is, they have to draw their water from one well, the only one accessible, which is a very tiresome operation. We think it only necessary to suggest this matter, to have the same carried into effect; and it would certainly be a convenience for which our homesteaders would be grateful.

Judge Ashmore made us a pleasant call on Saturday, and paid a year's subscription to THE TRIBUNE.
"Who drank those beer?" Answer referred to the line of soldiers drawn up in battle array, Tuesday night.
Mr. Floyd Hollister, lately with the Union Pacific at Cheyenne, has been visiting his mother and sister, for some time.
The B. & M. cut-off will be built, we understand, to Minden this week. There was but four miles of track to lay last Saturday.
Mrs. George E. Hays, who has been making her daughter, Mrs. T. B. Babcock, quite an extended visit, started homeward, this morning.
C. H. Rogers is pushing his building to completion as rapidly as possible. When finished, he will have one of the finest store rooms in the burg.
Dr. P. Boyle is building an addition to his building adjoining THE TRIBUNE office, and will move his family in from his claim to occupy the same during the winter.
Will Irwin, of the round-house, had his foot broken, Wednesday morning, by having a 300 pound weight fall on it. It will lay Will up for repairs, all winter, we fear.
The ladies of the Episcopal church will hold a sociable in the B. & M. Dining Hall, to-morrow (Friday) evening, and a cordial invitation is extended to all to be present.
John Calkins, Stoughton; A. Probst, city; Eugene Dunhan, Stoughton; T. Moore, Haigler; and H. H. Pickens, city, are the new subscribers to THE TRIBUNE, this week.
T. S. Bosley moved into his pretty little cottage on the hill, Friday last. Mrs. Bosley is gaining strength gradually, and 'tis hoped will soon be enjoying her accustomed health.
J. Beaver of Clyde, Kansas, was in town, last week, looking over the business prospects, with a view to locating here. He will read THE TRIBUNE for three months to keep posted.
Prof. Charles Yager, the new band instructor, is well pleased with the progress of the boys. They pick up new music with great rapidity, and their execution is certainly fine for a year old.

We understand that a gentleman from Chicago, has purchased two lots on Main Avenue, above the Bank building, and that will proceed at once to erect a two-story brick, and put in a large stock of groceries and dry goods. The building will have two store rooms below, and one room on the second floor, which will be used as an Opera House.

G. G. Burton of Hastings, Neb., who has been traveling in Nebraska for the past ten years, desires to procure homes for himself and a few other families that are now living near Omaha. Red Willow county has been selected by the colony, and Mr. Burton authorized to look up claims or deeded land. Claims with timber and water preferred. They do not propose to pay any fancy price, but will give a reasonable price for improvements and claim.

All the lumber is now on the spot for the bridge. As soon as the piles and driver arrive, and they are expected daily, the work will be prosecuted with all possible haste. The completion of a bridge over the river at this point will be hailed with delight by those living on the south side, who have either had to ford this treacherous stream or go to Indianola or Oberlin; and the more so, as the weather is becoming colder, and they fancy a ducking in its cold water the less. It will open up and make tributary a large territory of country, hitherto unable to trade here during the more severe weather. Therefore our merchants will also rejoice.

"Neighbor" Archibald made the run between Akron and this place, one day last week, a distance of 143 miles in 180 minutes. Considering the stops made and slowing up at crossings, this is an average of a little over 50 miles an hour. While this is the fastest time probably ever made west of the Missouri, for that distance; still it is not much faster than the schedule time, which is 14 minutes faster than the fast train on Pennsylvania Central. If they possessed the rolling-stock and road-bed of that much older road, they would make such time as would paralyze the Keystone Company. They are making remarkable time for a road a little over a year old.

At McCook, where, two short years ago, nothing cumbered the ground but cactus and buffalo grass, is a neat little city of upwards of a thousand souls, a good round-house and machine shop and a water works that has over seventy-five pounds pressure per inch, that is rapidly being extended to the houses. Next year a creamery will be started to work up the products of the large number of cows that are kept on the adjacent ranches. The markets are fully supplied with home-raised vegetables of nearly all sorts, and the prospect is that next year will nearly double the present size of this young pioneer city.—H. C. C. in Gazette-Journal.

GENERAL GRANT is 71 years of age, and enjoys vigorous health. Sherman is 64, Sheridan 51. Fitz John Porter is white-haired, but erect and vigorous. McClellan is a rotund man, with bending shoulders. He is rich, entertains much company, and is fond of talking about the war. Pleasanton, the hero of a hundred cavalry fights, has white moustache, and his voice is as gentle as a woman's. Rosecrans is white-haired. Sickles is practicing law in New York. Stoneman is governor of California. Hunter and Crittenden are rich and live in fine houses in Washington. Fremont is poor. Buell runs an iron furnace in Kentucky. Banks is a United States marshal. Grerson, the famous raider, commands a colored regiment in Texas. In a few more years very few prominent generals of the late war will be in active life.—Republican.

SOCIAL HAPPENINGS.

CRYSTAL WEDDING.

Mr. and Mrs. G. L. Laws are Surprised by a Host of Friends and Neighbors on the Evening of Their Fifteenth Anniversary.

Last Thursday evening was a memorable occasion in the social world of McCook. At an early hour, the elite of the Magic City began arriving at the residence of Mrs. Noren, whence, seventy-five strong, they marched on the Laws mansion, which, resplendent with new furniture, carpets, etc., looks cosy and homelike of a verity. The Light-Guard Band in full dress uniform soon made their appearance on the festive scene, and discoursed some very fine music, which was heartily enjoyed by all. Our band, composed as it is, by some of our best musical talent, is a source of excusable pride in our community. The Band was invited into the house, and refreshments served. This subject we feel unable to cope with. Such coffee, sandwiches, cakes, candies nuts, fruit, don't speak of it!

As the spokeswoman for the Ladies' Sewing Society, Mrs. Dungan, made some appropriate remarks to the occasion, in presenting the gift of the Society. Mr. Laws said he was unable to express his feelings in a satisfactory manner, but that he appreciated the motives that prompted the demonstration more highly than the many beautiful presents received; that he had come into our midst, to stay—to be of us, and most cordially invited all to enjoy the hospitality of the comfortable home he had builded, with himself and family.

The people of our community are not drones in the world's busy hive, and they enjoy social intercourse all the more keenly when the opportunity is afforded, and the universal comment was, "What a delightful time." THE TRIBUNE adds its best wishes to Mr. and Mrs. Laws, whose fifteen years of happy married life was thus so properly commemorated. The following is a LIST OF PRESENTS:

A Bohemian glass berry dish, set in silver, with silver fruit knife, by Mrs. Babcock, Dungan, Noren, Batchelor, Clark, Reed, Kendall, Gump, Meserve, McCormick, Berger, Wilson, Kelly, Churchill, Perry, Bosley, Noble, Green, Buck, and Misses Hollister, Thomas, and Jamison, members of the Ladies' Sewing Society; silver card receiver and bouquet holder, Mrs. A. Campbell, Kenyon, Robb, Stiles and Miss Vaughn; dressing case; Mr. and Mrs. Perry, Daniels, T. B. Campbell and Miss Rowell; toilet bottles and satin pin cushion, Miss Shaw; pitcher Mr. and Mrs. T. B. Babcock and Mrs. G. E. Hays, perfume bottles on stand, Messrs. Chenery and McCartney; silver mug, Mr. and Mrs. Batchelor; toilet set, Mr. and Mrs. Noren; chamber set, Mr. and Mrs. Berger, Israel and Noble; Cheese plate, Mr. Robb; pickle dish, Mrs. Hess; bread plate, Mrs. Francis; cuspidor, Em. PLEASANT CARD PARTY.

Mrs. A. McG. Robb entertained quite a number of the young people, Monday evening, in her accustomed pleasant manner. Card playing was the order of the evening, which, supplemented by a few selections from Mr. Robb's thesaurus of fables, and Mrs. Robb's refreshments, made up an enjoyable evening.

THE CLUB DANCE.

The Social Club held their regular hop on Wednesday evening. We understand the attendance was good and the music was enlivening. Everything passed off pleasantly, as they have been wont to in the past. These hops will be a feature this winter.

TRAMPS in some portions of Illinois are burning the barns of the farmers who own and use self-binders, and the farmers are organizing into vigilant committees for their extermination. There has been entirely too much communism preached from the press of the country, and this barn burning is one of the fruits of it. Property rights are being assaulted every day, and a halt in the work of the demagogues is called.—Gazette-Journal.

HEART DISEASE! CURED BY Dr. Rush's Regulator, FOR HEART TROUBLES.

Wm. G. Osgoodly, the well-known safe manufacturer of Buffalo, Philadelphia, Pittsburg, New York, and Atlanta, Ga., says:

Office of Osgoodly's Improved Safes, 17 S. Broad Street, ATLANTA, Ga., October 17th, 1881.

DEAR DOCTORS.—The three bottles of "Dr. Rush's Regulator" I ordered were received by express last week. I have taken nearly one bottle and am thoroughly satisfied with the result. For over two years I have been troubled with sharp pain at my heart. My physician, upon examination, pronounced it enlargement of the heart and was unable to give me any relief. The trouble grew worse until I had become convinced that I could not be cured. While in New York City, last week, I called upon one of the most prominent physicians there, who charged me \$25 for an examination and then recommended your "Regulator." Knowing you to be a regular Medical Association, and not a patent medicine scheme I ordered the three bottles. I have not been troubled since I commenced taking it, but shall continue and take the entire three bottles so as to obtain a permanent cure. You have my sincere thanks. I am, gentlemen, Very respectfully, Wm. G. OSGOODLY.

Dr. Rush's Regulator has never failed to give relief. It has been used successfully for years in subduing the most stubborn cases of heart difficulties. A positive cure for Enlargement, Palpitation, Fluttering and Frety Degeneration of the heart. Price, \$1.00 per bottle; six for \$5.00. Sold by druggists, or sent direct by Dr. Rush's MEDICAL ASSOCIATION, Nunda, N. Y. U. S.
